

"AYAKA" (AUDIO DRAMA 11)

TRANSLATION: NARU-KUN / K-PROJECT WORLD

Jingi: Oooh, it hurts! I'm drowning! It is painful! It is exhausting! What the hell is this?! Can someone explain to me what is happening?!

Give me a break! I mean, please give me a break, really!

I mean, it was Yukito who just showed up?! No doubt about it!

He was responding to me, so it wasn't a hallucination, it was real!

Ah, but what? Like this? I should be dead, right?

I'm dead now, right? But why was he...?

Does he really have psychic powers? Can he communicate with the dead? Because he is a dragon, is everything possible?

No, no, no, no! That's not what's important now!

It doesn't matter what you do right now. So, hurry up! Please help me quickly!

Yukito! Yukito! Yukito!

Shit, it doesn't work! I cannot hold it anymore! I'm drowning! I'm drowning!

No... Wait... What kind of body do I have now?!

Actually, I don't think so, right? After all, I'm dead. In that case, there is no such thing as drowning, right?

This pain is so painful, maybe it's just my mind?

So... I guess if I just go with the flow... Strangely, I didn't back down, I feel comfortable... Relaxed...

Guuaaah... What?! Gaaaah...! Eh?!

No, no! No way! If I give up, I will die!

I'm already dead, but I feel like I'm going to die more seriously!

Damn, why do I have to deal with something like this?!

I have successfully accomplished a once-in-a-lifetime task! I am the savior who sacrificed himself to save the island! What is this treatment towards such a tragic hero?

Normally, I should go to heaven and get drunk with heavenly wine, right?

I don't even know what that means and I'm drowning in gurgles?!

I am doing something wrong?

Damn, if this was the case, I should have done whatever I wanted! Things like that and that...

No, no! I've done everything I can think of right now!

Of course! I was planning to ascend to heaven without any regrets in my life! But seriously, I don't understand why something like this was waiting for me!

Even if it is unreasonable! Anyway, how long will this last? Until next week?

Am I going to be like this until next week? Kaaaah...! It's a joke?!

Yukito, Yukito! Please come quickly! Oh, help me!
