

"AYAKASHI" (OPENING – AYAKA // ANGELA)

TRANSLATION: NARU-KUN // K-PROJECT WORLD

I wanted to be quiet, but the wind and the waves picked up.

It was stronger than I had imagined and it surprised me.

It seems to fade...

Once again not bad to try.

It is a method that does not hurt in any way.

Where do you come from and where do you end up?

Logic, always alone. I vaguely convinced myself. Hurry up.

Furiously absorbed. It's noisy. This wave...

In a changing environment, slightly unstable controls.

Holding his breath, AYAKASHI is silently close.

You are testing me.

WOW WOW WOW Just now...

Feel the flow. Impulse.

Can you finally say it? This place is... I'm home.

Such a spirit is like a drop. Welcome back.

Anxiety knocks on the door called expectations.

The world changes with sudden height differences.

I drowned in the sea of stimulation that I found.

Similar to shine, but different. Connected heart patterns. Skill up.

The universe is spinning... This wave...

The "truth" slips away smoothly the moment you pick it up.

You called me. I'm sure AYAKASHI is close.

Are you up to something? Oh, my god.

Perfect situation and... (Stand alone, I don't want to cry.)

Emotional theory... (Stand away, weak mind.)

A bit of annoyance. Once again. Yes or no, it's wrong. Hurry up.

Furiously absorbed. It's noisy. This wave...

In a changing environment, slightly unstable controls.

Holding his breath, AYAKASHI is silently close.

You are testing me.

WOW WOW WOW Just now...

Feel the flow. Impulse.
