

## **"INTERVIEW WITH THE IDOLS OF HOMRA"**

**TRANSLATION: NARU-KUN / K-PROJECT WORLD**

— Please introduce yourself first.

Suoh: Nothing in particular.

Kusanagi: You have a guitar, right? That is a special ability you can be proud of.

Totsuka: It's a world-class skill after all.

Kusanagi: It's particularly special. Simply put, it's a way to make money.

Yata: Good. Kusanagi-san can sing, dance and act, he can do anything!

Anna: I am the representative of the "Homra Entertainment Office".

Totsuka: Ana sings. Yata clearly has a special ability called dancing.

Kusanagi: Isn't that kind of person in demand on television?

Totsuka: Haha, I wonder if it's easy to use. It is a so-called variety group.

Suoh: (Starts to play the guitar)

Kusanagi: Well, we're doing a lot of unique things.

— "Homra Entertainment Office" has the most momentum in the entertainment world right now, but what are Homra's strengths that make it stand out from other agencies?

Suoh: Strengths? It just is what it is.

Totsuka: Hey, King. There are many things. hm.

Yata: Can't you lose in a fight?

Anna: Very strong.

Kusanagi: Oh, no! Cohesion, for example. This is something that other offices cannot beat. As you can see, we have a lot of individuality, but if something happens, we can't lose to anyone in the spirit of working together to liven up the office.

Totsuka: Oh.

Yata: That's right. That is one of our strengths.

— Former representative Suoh-san, who returned from United States, is an idol who should be called a living legend, but what kind of person is Suoh-san to everyone?

Kusanagi: Well, seriously, if Mikoto wasn't here, we wouldn't be able to survive.

Totsuka: It's our symbol. But to me, it's the same King I knew when I was younger.

Yata: I respect him a lot. He's great.

Anna: I love Mikoto's guitar.

— How do they feel about each other?

Kusanagi: Of course, we respect each other. However, unlike other places, there may be a relatively athletic type place.

Totsuka: I agree. The upper and lower eyes can be quite distinct. Superiors love subordinates and subordinates admire superiors. Well, I'm a bit lazy when it comes to that sort of thing.

Kusanagi: The order is Mikoto, me, Totsuka, Anna, and Yata.

Yata: Wait a minute.

Anna: I'll take care of you.

Yata: Hey!

Kusanagi: Haha, just kidding.

Suoh: Are you kidding me?

— Do you have an idol that you admire as a rival?

Suoh: I don't know if they are rivals or not, but I don't like Munakata Reisi, the leader of "Promotion Scepter 4".

Kusanagi: Totsuka and I don't particularly care.

Totsuka: That's right.

Anna: Me too. Neko from "Shirogane Records" is a friend.

Yata: Well, I don't want to lose to Fushimi Saruhiko from "Promotion Scepter 4" at any moment.

— This time, the theme of this magazine is "grown up man", but what was the moment when you felt that you grew up?

Suoh: Liquor and tobacco.

Kusanagi: Alcohol and cigarettes.

Totsuka: I don't really smoke, but I do drink alcohol.

Yata: That's the only thing I don't do.

Anna: I want to grow up fast.

— Finally, say something to the fans who are looking forward to the benefit event.

Suoh: Well, if you come, I'll burn you without leaving any bones.

Kusanagi: I'm going to make it great. It's just like Mikoto said.

Totsuka: I hope you enjoy it.

Yata: Thanks for keeping me motivated!

Anna: Enough spirit.
